BINGHAM DRAWS A LARGE CROWD

First Member of Lyceum Course a Success.

Great Humorist Heard by Large and Appreciative Audience Last Night—One of Most Versatile Entertainers That Has Ever Appeared In City—A Skilled Musician and a Strong Impersonator.

The first number of the Greensboro Lyceum Course was given in the West Market Street M. E. church annex last night when Mr. Ralph Bingham, the famous humorist, entertained a large and appreciative audience. It can truly be said that the Lyceum Course was successfully launched for practically every seat in the auditorium was pressed into service to accommodate the large crowd. If the remaining six numbers in the course are as enjoyable as this first one the Lyceum committee will receive the thanks of a large number of Greensboro's citizens for arranging for the course.

Mr. Bingham is an all-round genius and one of the most delightful as well as one of the most versatile entertainers that ever appeared before a Greensboro audience.

His impersonation of Bill Johnson with his one song, which he used by skillful variation, for weddings, funerals, waltzes, and for any and all occasions, was especially mirth-provoking and unique, as well, as was his description of the 'possum hunt in which fat Mr. Taft figured, and which, Mr. Bingham said, served to place Georgia on the map, and incidentally to put an old darkey, who had for years been confined to a chair with *paralysis*, on his feet while running from a bear which had been mistaken for the 'possum.

Mr. Bingham is a skillful violinist, and with Mrs. Bingham at the piano, rendered selections from the most popular of the grand operas; among them being the famous sextet from Lucia, and the tower scene from Il Trovatore. He has the true soul of a musician as well as a humorist, and could, in the one role of violin soloist, make for himself a record world-wide, should he desire to do so.

There is a strain of pathos in the nature and composition of every really great humorist: this was again evidenced in Mr. Bingham's recital of a court scene in which the guardian of little Tim was tried for the murder of one who had threatened the person of his fatherless ward. His rendition of this selection was vivid and full of tenderness and dramatic fervor, and brought every one of his hearers to unconscious funeral stillness.

Indeed, it would be most difficult to say with certainty just where Mr. Bingham excels, but his work as an impersonator is hardly surpassed by any of his class of entertainers on the American stage.

As a Dutchman and old-time negro, he is truly great, and if one had heard nothing but the Dutchman's story of his visit to the heatre, they had been several times repaid for their visit to Mr. Bingham's delightful entertainment last evening.

The piano used for the concert was loaned by the Cable Piano Co.

Elon Defeats Bingham.

Elon College, Oct. 17.—On last Saturday Elon defeated Bingham school in a second game of tennis of the season. Bingham played a snappy game but went down in the fray. The court was fast and a good exhibition was put up. The score was 6 and 2; 6 and 3; 6 and 2. Elon was represented by Hall and Stuart and Bingham by Long and Bost and Grey. The Elon team goes to Guilford next Friday for a tournament to be played on that date. Manager Lincoln has succeeded in arranging several other games and quite a good deal of enthusiasm is being manifested.

REV. MR. B[illegible]N LEAVES.

Preached His [illegible]well Sermon Sunday Evening—Pul[illegible] Will Be Supplied Each Sunday.

Rev. J. W. Bolton, who has been pastor of the Greensboro Christian church for the past two years, preached his farewell sermon Sunday night to a large and appreciative congregation. The sermon was on "Unity of God's People" and the entire discourse was filled with words of cheer and encouragement for the congregation he was leaving. He laid especial emphasis on the fact that the unity of God's people, for which Christ prayed so earnestly before his crucifixion, was becoming more and more pronounced; that the Christian Endeavor Movement and the Laymen's Movement had been the greatest known factors in bringing the several denominations into closer relationship with each other. Speaking especially to the membership he urged that there ever be perfect unity among the membership if the church would accomplish the greatest good.

At the close of the sermon every person present remained to bid Rev. Mr. Bolton and Mrs. Bolton farewell. During their two years' stay in the city they have made many friends both in and outside the congregation and the church membership feels greatly their loss. Rev. Mr. Bolton is a preacher of great power and his sermons are delivered with a simplicity that even a child can understand.

Rev. and Mrs. Bolton left yesterday morning for Washington and Pittsburg to visit their son. They will attend the American Christian Convention at Troy, O., before going to Gresham, Neb., where Mr. Bolton will serve as pastor of the Christian church during the next conference year.

Rev. Leon E. Smith, who has been called to the pastorate of the Christian church to succeed Rev. Mr. Bolton, will arrive the fourth Sunday in November. Until that time the pulpit will be filled by several ministers. Rev. J. U. Newman, of Elon College, will preach next Sunday morning and night. The deacons will have charge of the prayer meetings on Wednesday nights. The prayer meeting tomorrow night will begin at eight o'clock.

MANY STUDENTS ARE ENROLLED

In Schools And Colleges in City.

More Than Three Thousand Young Women, Boys and Girls Are Receiving Instruction Daily Within Corporate Limits—A Hundred and Forty-Six Instructors—Large Increase in Enrollment of City Schools.

While but few are aware of the fact there are more than three thousand students within the corporate limits of the city and a corps of a hundred and forty-six teachers are kept busy instructing the three thousand more of students anxious to attain sufficient knowledge to enable them to make their mark in life. Such is the case and in addition within sight of the city there are additional institutions of learning in which more than a thousand students gather daily.

Of course, the majority of the above number are students in the city schools. Here the enrollment at the end of the first month was 2,284, a gain of something like 200 over the enrollment at the close of the last school term. Of this number 1,695 are white children and 589 colored. Supt. Mann has sixty-five assistants, fifty-five being white teachers. The attendance by schools follows:

Lindsay Street	599
Davie Street	279
Training School	290
Asheboro Street	407
Lee Street	119
Total	1695
Percy Street (col.)	190
Warnersville (col.)	399
Total	589

Supt. Mann states that he expects the enrollment has increased materially since the last reports were sent in and by the next report he fully expects that more than a hundred additional students will be reported. He looks for 200 additional pupils to be enrolled during the year. Room has been provided for every student, but in order to do this the primary teachers have had to work double time teaching morning and afternoon grades. However, when the Asheboro street addition is completed there will be sufficient room to do away with the afternoon grades.

At the State Normal and Industrial College there are 540 students with forty-two instructors. Here too there is great need for additional facilities as fully two hundred students who wished to attend could not be provided for.

At Greensboro Female College there are 187 students and 18 instructors. A large number of students had to be refused on account of inadequate facilities.

At the Colored Agricultural and Mechanical College there were 113 at the opening of the college. Fourteen instructors are employed here. The attendance is steadily increasing and by the end of the month the number will be added to considerably.

The Lutheran College began the present term with an enrollment of 160, there being seven instructors. The attendance here has also increased since the term began.

The total enrollment in the schools during the first month was in round numbers 3,300 and when the reports for the present month are in they will show increase of more than 100.

ACTOR, HERE RECENTLY, DROWNED AT WRIGHTSVILLE

Had the Part of Tom Norton In "The Sins of the Father."

Wilmington, N. C., Oct. 17.—Robert Barton Pahr, aged twenty-three years, of Tom Dixon's "Sins of the Father" company, was drowned at Wrightsville Beach near Wilmington, yesterday afternoon. The tragedy occurred in plain view of scores of people, including Thomas Dixon himself, who had gone to the seashore for comfort on a very warm day.

Nearly all the members of the company were on the beach, and several had accompanied Pahr, who, on the program, was simply Robert Barton, portrayer of the young Southern lover, into the surf. The young actor was not over fifty feet from shore when it was noted that he was in distress, and then he cried for help. Several swimmers at once plunged to his rescue, and two, Herbert O'Neill and Hugh Hines, of this city, caught him and had started for shore, when a huge breaker propelled powerfully by a rough sea, hit the trio and knocked them apart. They were swept back quickly, Hines and O'Neill managed to swim out, but Pahr, helpless, was carried out, and the last glimpse of him was of his face, several hundred yards off.

The company played Wilmington Saturday night and lay over here yesterday. Mr. Dixon states that he will take Pahr's place in the cast until another actor can come on from New York.

Pahr's home was in Baltimore. He was unmarried, but leaves a mother and father. It is supposed that he was attacked by cramps, as, it is said, he was a good swimmer.

Mr. Pahr appeared with Dixon's company when it presented "The Sins of the Father" at the Grand in this city. His name was printed on the program as Robert Barton and he had the part of Tom Norton, who was in love with the heroine of the play. While somewhat lacking in force, young Pahr threw himself with zest into his work and the hundreds who saw him on the stage so full of life and so animated with ambition will feel a sense of sorrow on learning of his death.

WHAT COUNTY WILL WIN MUCH COVETED HONOR?

Guilford Democrat Offers Splendid Democratic Banner to County in the District Making Largest Democratic Gain In Congressional Vote.

A strong Democrat of this city has promised to give a handsome Democratic banner to the county making the largest Democratic gain in the vote for Congress. I trust that the counties of the district will work with this in view, and that we will not let over-confidence be our undoing. It takes votes to win in this fight. Let us bestir ourselves and work as we have never done before and victory will surely perch upon our banner in November.

There has just been erected at the passenger station a sign that has long been needed. It overhangs, at the west end of the station, the main walkway from the waiting room to the trains and on it are the words "Baggage Room" with a directing hand. Heretofore it has been a matter of frequent occurrence to hear strangers inquiring the way to the baggage room. Now they can hardly fail to see for themselves the way there.

THE STATE FAIR BEGINS TODAY

Everything in Readiness For Big Event.

Crowds Already Pouring Into City and Outlook Is For Biggest and Best Fair Yet—Home Coming Week a Feature—Opening Parade At 11 O'clock, Followed by Governor's Address—"Good Roads Day."

Raleigh, Oct. 17.—The North Carolina State Fair opens tomorrow (Tuesday) morning to continue through Friday and the indications are that by odds the biggest success in the history of the State Fair Association will be scored. The weather indications are for ideal conditions; the crowds are already pouring in in large numbers; the exhibits are practically all in position today and the special midway attractions are more extensive than ever before. Furthermore the racing features are assured, through unusually good entries, to be the biggest and best ever pulled off in North Carolina. Then, too, the home-coming feature of Fair Week is developing finely, a large number of people from without the State—former North Carolinians—being already here. These are to have the privileges of the city in the freest sort of a way. The badges they will wear entitle them to cigars, soda fountain drinks and other courtesies.

The opening parade for the State Fair will take place at 11 o'clock tomorrow morning under the direction of Chief Marshall E. B. Lyon and his aides who are gathering here already from every section of the state. The procession will form at the Yarborough House and proceed up Fayetteville street out Hillsboro street to the fair grounds where the address opening the fair will be delivered by Governor Kitchin.

Great preparations are being made for "Good Roads Day" Wednesday when there will be special demonstrations in good roads building and a special meeting in the interest of this work, the exhibits of good roads machinery at the fair this year being the biggest and most complete ever seen in North Carolina.

MRS. ROSS PRESENTED WITH BEAUTIFUL GOLD WATCH

Resigns Her Work In Missionary Societies To Go To Nashville To Live.

The meeting of the Woman's Home Mission Society of West Market Street Methodist church held yesterday afternoon was one of unusual interest. The president, Mrs. F. H. E. Ross gave one of her best scripture lessons and the regular program was as enjoyable as usual.

All felt a sense of deep regret at the announcement of Mrs. Ross' resignation to take effect at once, as president, owing to her removal to Nashville, Tenn., to serve as assistant treasurer of the Mission Board of the M. E. Church, South. It was the wish of the first vice president that a new president be elected, instead of her filling Mrs. Ross' unexpired term. The balloting resulted in the selection of Mrs. E. D. Broadhurst as president.

Mrs. R. R. Alley, on behalf of the ladies of both home and foreign missionary societies, presented Mrs. Ross with a beautiful gold watch as a token of their love and esteem and appreciation of the work which she has done in both societies.

Mrs. Ross has been foremost in all the work of the church, and she will be greatly missed in Greensboro.

Death of Mrs. W. J. Plint At Morehead City.

The remains of Mrs. W. J. Plint, who died yesterday at her home Morehead City, will be brought here this morning on the train from the east for interment at Muir's Chapel. The remains, on the arrival of the train, will be taken to the rooms of the Wilson Undertaking Company, and at about 8 o'clock the funeral party will start for Muir's Chapel. Mrs. Plint is survived by her husband, who is pastor of the Northern Methodist church at Morehead City, and by one child.

WELL KNOWN MINISTER
Restored to Health by Vinol.

Rev. D. Schneider, who is a well known minister in Rice Lake, Wis., writes:

"I had a very severe stomach trouble last year from which I was kept in bed three months. I had engaged the services of a doctor, but to no avail. I then read of Vinol and determined to try a bottle. Before it was used up I was out of bed, and four bottles made me a well man. Vinol is a splendid medicine and I can gladly recommend it."

Preminent men from all over the country do not hesitate to indorse this wonderful tonic.

For twelve years Vinol has been sold on the "money back" plan and every year strengthens it's popularity and proves by continued tests that it will do what we claim for it. Fariss-Klutz Drug Co., Greensboro, N. C.

ROBLEDILLO, THE MEXICAN WIZARD

Famous High Wire Necromancer Coming to Greensboro With the Ringlings.

Robbledillo, the Mexican wizard of the high-wire, has been engaged by the Ringling Brothers. He is now one of their star actors. His act is a sensation in its way. It stands in a class by itself. There are many wire-walkers. None of them has ever succeeded in doing this man's simplest feat. Robledillo was engaged by a foreign agent of the show while he was appearing last winter in Madrid. He receives the biggest salary ever given to a single performer.

This wonderful artist runs, jumps, stands on his head and turns handsprings on a slender steel wire. There is no net beneath it. He introduces a great deal of comedy in his specialty by imitating a drunken man coming home in the early hours of the morning. His act is a marvel of mimicry. Performed on the solid floor of a theatre stage it would be a headliner. But this man does the act on a slender wire. One moment the audience is laughing at his funny legs as they wabble and falter from one end of the stretch of wire to the other. The next moment they are lost in amazement as they realize the skill that is necessary to accomplish the feat. The act is audacious because of its danger.

Another remarkable importation that will be enjoyed when the big show comes to Greensboro on Monday, Oct. 24 is the Arthur Saxon trio of the world's strongest men. Two of them form the pillars of a bridge over which passes an automobile with six passengers. One of them lifts with one hand, high above his head, a heavier weight than any other man has ever lifted with two hands.

Another startling feature is presented by Albert Schuman's company of performing horses. Schuman is the proprietor of the Circuses Schuman at Berlin, Schevingen and Frankfort, Germany. At his profession of training horses he has made a fortune of $10,000,000. He is the greatest animal trainer in the history of the world. The act that he is now presenting to Americans is the master work of his life. It is the first time real trained horses have ever been seen in America. The horses enter the arena concealed in large beer barrels piled on a brewery wagon. They are not discovered by the audience till they kick the heads out of the barrels and jump into the ring.

Other European novelties are offered by the great Lorch family of acrobats, from Germany; the famous Alexis family of aerialists; the Dutton company of equestrians; the aerial Klarkonians, the telephoning elephants, the Marnello-Marnitz family of upside-down bell-ringers and the fifty best clowns in the world. The riders, acrobats, trapeze artists, gymnasts, tumblers, leapers, high-air vaulters, equilibrists and animal trainers represent a company of talent such as was never assembled before under one management.

Great attention has been given to this year's menagerie. It is a complete new collection, secured by the management's own jungle trappers at an expense of more than $1,000,000. In it will be found many specimens of animal life not to be found elsewhere in this country. The forenoon parade is the longest and the most costly ever devised by the Ringling Brothers. It is a marvel of beauty and novelty.

AMERICAN MANHOOD.

An English View of the Common People In This Country.

In all I spent four months traveling and lecturing in the eastern cities of the United States and met many men of varied classes. In my wildest dreams of the race I had never foreseen such wealth, such freedom, such equality. America is the land of the common people, as England is the land of the classes. If I were a young workingman I would go to the States as soon as I could earn a passage, because once on her soil I should cease to be a laborer and become a man, which is a very different thing.

Better than the boundless wealth of America, better than any material benefit she can bestow, is this sense of manhood and equality that is as all pervading as the air. Worse than the earthen floor of our peasant's hovel, still found in England's southern counties, and the starvation wages on which he lives is the slavish spirit that drags the cap from his head before the squire or crowds him into the ditch as the carriage passes by. He is not a man, only a laborer, one step above the serf.—Joseph Burtt of London in Leslie's.

It's the World's Best.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of Cuts, Corns, Burns, Bruises, Sores, Scalds, Boils, Ulcers, Eczema, Salt Rheum, For Sore Eyes, Cold Sores, Chapped Hands, or Sprains, it's supreme. Infallible for Piles. Only 25c. at Fariss-Klutz Drug Co.

Helter Skelter.

"Helter skelter" has been suggestively defined as a jingling expression vaguely imitating the hurried clatter of feet rapidly and irregularly moved. Most dictionaries, however, led astray probably by the ordinary orthography, have missed the true etymology of this phrase. It should be "helter kelter." "Helter" is an old word for "hang," probably connected with halter, and "kelter" is used by old writers in the sense of "order" or the proper state. Thus Barrow, the divine, says, "If the organs of prayer be out of kelter how can we pray?" "Helter skelter," therefore, is literally "hang order" and means, "Oh, hang order; let us do it, or let it take its chance." Ben Jonson in "Every Man In His Humor" writes, "Helter skelter, hang sorrow, care 'll kill a cat." and Shakespeare, using it to express rush and hurry, says, "Helter skelter have I rode to thee."

Horseradish as a Vegetable.

In Germany horseradish is frequently made into an excellent cooked vegetable which goes particularly well with boiled mutton or chicken fricassee. It is made as follows: Grate as usual and stew till tender in butter; mix well with grated Parker House rolls, one cupful of the latter to three of the horseradish, and boil up once more, adding a heaping teaspoonful of sugar. Served with very firmly jellied currant jelly, scooped out with a teaspoon and laid in solid little ovals like a wreath round the white mound of horseradish, this delectable dish looks almost as good as it tastes.—Suburbanite.

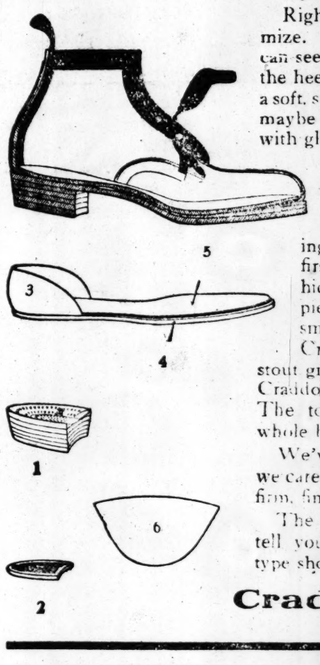
SHOE MAKING FACTS

No. 1



CRADDOCK
Soles — Counters — Heels

The life of any shoe depends on the integrity of the outer sole, the inner sole, the counter and the heel. No matter how handsome a shoe looks on the outside, or how well it feels on the foot—if the vitals are cheapened the whole shoe is weakened.

Right here is where many makers economize. No one can see the insole—no one can see the counter—no one can see any of the heel but the top lift—so they substitute a soft, spongy, flank leather for the insole and maybe use a counter made of canvas stiffened with glue and scraps of leather for the heel.

If there's any one virtue about the Craddock Shoe that is more pronounced than any other—it is the foundation. We have spared nothing to get the best. The sole (4) is the first grade of old method tanned steer's hide. The insole (5) is a slightly lighter piece of the same stock, selected for smoothness, pliability and toughness. Craddock counters (3) are cut fro stout grain leather; each is a single piece. Craddock heels are solid all through. The top lift alone costs more than the whole heel of some shoes of equal price.

We've made every vital part strong. How we carefully cut and fit the vamps and tops of firm, fine leather is another story.

The Craddock dealer in your town will tell you all about it. We shall tell it in type shortly. Watch for it.

Fresh Air in Winter

In winter, it is hard to get fresh air in certain rooms. Some rooms in a house are usually colder than others, and if you open the windows it is hard again to heat the room properly.

If you keep the windows closed you don't get fresh air; if you keep them open you cannot quickly reheat the room. The

PERFECTION SMOKELESS OIL HEATER

Absolutely smokeless and odorless

solves the difficulty. You can leave the windows in a room open all day in winter, and when you close them apply a match to a Perfection Oil Heater and heat the room to any temperature you desire in a few minutes.

The Perfection Oil Heater is finished in japan or nickel. It burns for nine hours. It has a cool handle and a damper top. It has an **automatic-locking flame spreader,** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be quickly cleaned. An indicator always shows amount of oil in the font

The filler-cap does not need to be screwed down. It is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently, it can always be easily unscrewed in an instant for rewicking. The Perfection Oil Heater is strong, durable, well made, built for service, yet light and ornamental.

DAY 762. PHONES NIGHT 1442

What a Doomed Man Did

By SALLIE MENDHAM

Copyright, 1910, by American Press Association.

When Ben Wharton was seventeen it was necessary for him to go to work to support a widowed mother and a younger sister. He worked all day and usually most of the night, saving all his mother and sister did not need and investing it. His ambition was to accumulate a competence and then enjoy a world which he considered only enjoyable for those who have plenty of money. When he was twenty-five his mother died, and soon after this his sister married. At thirty-five he found himself in possession of $200,000 and no one to provide for except himself.

Then something happened — he noticed a swelling on his neck. He consulted a physician, who after making an examination said to him:

"Do you wish me to tell you the truth?"

"I certainly do."

"Well, then, what you have on your neck is either a tumor or a cancer. It lies directly over the jugular vein. If it is a cancer it will eat into that vein, and you will bleed to death. If it is a tumor it will so encroach upon the vein as to stop the flow of blood, and you will die from that cause."

Wharton was a philosophic man, and philosophers usually have views of their own. He concluded to spend his money in having a good time while he lived. But he must have a companion to enjoy it with him.

The only person whose company he enjoyed was a Miss Delia Thorne. She was poor and was getting to that age where but few women marry. Wharton went to see her and made her the following proposition: "If you will marry me," he said, "and join me in the expenditure of half my fortune you shall have the other half when I die, which the doctor tells me will be in about a year." And he informed her of his condition.

Miss Thorne was a very self contained young woman. She sat looking at Wharton after this singular proposition for some time without a word, then said that she would take the matter under advisement and in a day or two let him know her decision. This was satisfactory to Ben, who went away and gave that portion of his future no further thought until he received her reply, which was this:

"Accepted on condition that you spend half your fortune within the year, the other half to be settled on me on the day of our marriage."

Ben could understand the last part of this contract, but not the first part. Why should Delia stipulate that he should spend what he proposed to spend? But he was bent on carrying out his design.

He did carry out his design, and his wife helped him. His swelling gave him no pain, and the shadow of death that hung over him alone prevented his enjoyment. His wife, whenever she saw that he was under the influence of his expected ending, would propose some new pleasure, and as pleasure usually cost money her husband's share of the fortune rapidly melted. Finally the year was up, and Ben had spent it all.

"What's to be done now, Ben?" asked his wife. "You are still living and no worse physically than when we were married."

"I don't know," said Ben. "Doubtless I have been kept up by having my mind taken off my affliction."

"I think there is a good deal in that," said his wife. "If your share of our fortune has kept you alive a year perhaps my share will keep you alive another year. We will continue our expenditures."

Ben looked at her, astonished. He knew that she would much prefer to live a quiet life, and by this proposition she showed that she would rather have him for another year than the independence guaranteed her at their marriage. He doubted her sincerity.

"Thank you very much for the remaining year," he said.

For a month the expenditures proceeded as before, Ben every day expecting that his wife would call for a reduction. Not a comment escaped her. Then Ben said to her:

"Delia, I thought this was a business deal between us."

"So it was on your part."

Ben got up from where he was sitting, went to her and put his arms about her. Presently he said:

"I think I would like to live."

"I wish you could."

"Maybe that doctor was wrong after all."

"I don't know anything about that."

"I think I'll try another."

He did try another and another. Indeed, he tried a number, but they all told him the same story as the first. At last he found a specialist who referred all bodily troubles to one cause. This cause happened to hit Wharton's case. The doctor said that something was dragging him down. If he could be relieved of that something he would have more strength to throw off disease and he might be sufficiently stimulated to throw off the swelling in his neck. Ben's eyes were a bit crooked, and the doctor by an operation straightened them. The swelling disappeared.

"I don't see any connection," said Ben, "between the eyes and a swelling in the neck."

"And I haven't time to explain it to you," replied the doctor. "A thousand dollars, please."

In reply to the criticism that Stimson is Roosevelt's man, the Republicans of New York State retort that Dix is Murphy's man. At the same time, we haven't seen it stated that Murphy opened Dix's campaign for him.

Col. Roosevelt has opened Stimson's campaign for him. He will conduct Stimson's campaign for him. If Stimson should chance to get elected Governor of New York, which is very unlikely, the Colonel will govern Stimson's State for him.

The advice of ex-Governor Jarvis to young men as printed in Sunday's paper was well worth careful consideration on the part of young men. Gov. Jarvis is the grand old man of the State. It is an honor to every North Carolina Democrat to be a fellow party-man with T. J. Jarvis.

An operator, by failing to deliver a "meet order," caused a wreck of passenger trains in South Carolina in which five lost their lives and many were injured. We have heard of other wrecks occurring in the same way. It surely must be possible to run railroads without placing such weighty responsibility upon—as often happens—a mere boy. The human element cannot be eliminated, but it can be better safeguarded.

A learned doctor discussing cholera dangers in New York declares that those dangers are due to carelessness. Without carelessness disease would not spread. On the contrary it would soon die out. People everywhere are entirely too careless when they have in their home infectious diseases. We understand that the health authorities often have the greatest difficulty in persuading families thus stricken to have a proper regard for the welfare of the rest of the people in the community.

It certainly is heard to keep the crooks down. One would think, for instance, that a city could afford to stand up and be counted without attempting to deceive, but evidence has reached the Director of the Census that the reports on Tacoma, Seattle, Portland and Minneapolis wer padded by thousands. The incident shows among other things how keen is the desire of cities to be large. There are other things more important, but everwhere the great effort and struggle is towards magnitude.

Woodrow Wilson, the Democratic candidates for Governor of New Jersey, doesn't believe in fighting the air. The other day George L. Record, quite a noted character in New Jersey and known as a leader of the New Idea, whatever that is, challenged Dr. Wilson to joint debate. Record is estranged from his party and no matter how badly Dr. Wilson might have worsted him in debate, the Grand Old Party in New Jersey—the special and particular thing the Doctor is gunning for — would not have been harmed. So the former university president politely replied that he would be pleased to meet Mr. Record as the representative of the Republican organization in New Jersey provided Mr. Record would secure credentials from the Republican State committee. Record could procure no such credentials and so there will be no joint debate. Dr. Wilson's effective disposal of Mr. Record is warmly praised by the Brooklyn Eagle as eminently the proper thing to do under the circumstances. Says the Eagle:

Dr. Wilson, as always, is severely logical. He is engaged on a specific job—beating the Republican organization of his State. He must defer or give up the idea of debates on general issues with persons who do not represent his adversary. The children of light have cut their eye teeth and are not to be fooled in 1910. Dr. Wilson doesn't need to say that. He simply proves it to the satisfaction of a waiting world.

That the children of this world are wiser in their generation than the children of light may have been a correct theorem in New Testament days, but voters down New Jersey way are beginning to doubt whether it is up to date. Practical politicians of both parties and all factions, all most approved children of this world, watch the methods of Woodrow Wilson, one of the children of light, with envy and admiration.

MAJOR STEDMAN'S CAMPAIGN

Durham Sun.

In this part of the Fifth Congressional district the feeling that Major Charles M. Stedman will be elected by an overwhelming majority over his Republican opponent grows stronger every day. The name of Major Stedman, when pronounced by Mr. Klutz at the First Voters' club Thursday night, was greeted with such an outburst of enthusiasm as has been seen but seldom during this campaign. Senator Kluttz paid a deservedly high tribute to this gallant old Confederate soldier that brought forth cheer after cheer and made the hearts of the major's friends beat with pride.

Major Stedman has made a wonderful campaign for the office he seeks; he has been unremitting in his efforts to awaken the people to a realizing sense of the importance of the issues before them. Though feeling entirely satisfied of his own election for some time, Major Stedman has not failed to put his superb talents to the use of Democracy and the other candidates on the Democratic ticket.

He should be rewarded by receiving such a majority in Durham county as no other man has yet received and we believe the brave, gallant, chivalrous old gentleman will get it.

When Kubelik Played To the Insane.

Jan Kubelik, the violinist, was recently asked to play for the inmates of a lunatic asylum because the resident medico thought, with Congreve, that music had charms to "soften rocks." The violinist mounted the improvised platform and played a lively Slav dance. The patients seated about the platform seemed deeply interested and beat time with feet and heads.

Whn Kubelik finished a pretty young woman rose and beckoned to him. The musician imagined that she wanted an encore, and asked the doctor to inquire what she would like, but before the doctor could approach her she cried at the top of her voice, "Well, to think of the like of me being here while the likes of him should be at large in the world!"

It is not recorded that Kubelik has visited an asylum since.

The Biggest Chunk of Gold Ever Found.

The American Museum of Natural History has recently placed on exhibition a replica of the largest nugget of gold ever found. Being gilded, it looks exactly like the original.

This wonderful chunk of yellow metal, known as the "Welcome" nugget, was dug up at Bakery Hill, near Ballarat, in Australia, and was sold for $46,625. It weighed 2,159 ounces, so that the price obtained was $21 per ounce. When melted in London, a few months later, it was found to contain more than 99 per cent. of pure gold. It was 20 inches long and 12 inches broad. The two men who struck it fainted dead away in the hole they had dug, believing that they had come upon a whole "reef" of the solid stuff.

George Stuart Preaches To Immense Congregation At Centenary.

Rev. George Stuart, the noted evangelist, who delivered his lecture on "Lopsided Folks" here Saturday night, preached Sunday morning at Centenary Methodist church to what many believe was the largest congregation ever assembled in South Greensboro. All the seats were occupied and the aisles and vestibules were also crowded. His sermon, like his lecture, mingled humor and pathos in about equal parts and was intensely entertaining throughout. Mr. Stuart went from here to Asheville.

ARAB ENCAMPMENTS.

The Crowded Tents In Which the Shepherd Warriors Live.

Arabs are true Ishmaelites. Their life is a constant wandering. They live entirely on the produce of their herds. Their tents are quickly taken down or put up and easy of transport. They are made of camel's hair, loosely woven, supported on poles or long guy ropes. They protect the occupants from the hot sun, but not from the rain, and in winter the encampments are uncomfortable places.

The interior is crowded with all the belongings of these shepherd warriors—camel saddles and gaudy saddle-bags, rifles and ammunition, hunting dogs and falcons. The women occupy one half; the men use the other, partitioned off by a brightly colored curtain. The whole of the front of the tent being open, there is no privacy. The average tent measures twenty yards by six.

The chief of the tribe, however, owns many tents, and he has for his own use one giant structure, sometimes spread over a length of thirty-six yards. In his other tents the chief keeps his numerous wives, who have a certain proportion of their master's flocks and herds to look after. Having a separate tent for each wife, he thus does away with all chance of domestic quarrels.—Argonaut.

MISS PHELPS TONIGHT

Noted Temperance Lecturer Will Speak At West Market Street Methodist Church.

Miss Phelps' lecture last Friday evening at the Baptist church under the auspices of the W. C. T. U. and the Good Templars was listened to by a large audience. Miss Phelps is a logical, strong and convincing speaker, holding the closest attention of all to the end of her talk.—Motor, Wis., April, 1908.

Miss Phelps is a speaker of unusual ability and charm of manner and captivated her large audience by her masterly discourse. Her logic is sound; her wit and humor are only surpassed by her pathos and earnestness. Her experience is rich and varied having traveled widely both in this country and the old world.—Report from Whitewater, Wis., in Motor, April, 1908.

She delivered an excellent address, holding her large audience spellbound from start to finish. She certainly is an able speaker, and, should she come to Horeb again, will be greeted with a hearty welcome.—Report from Mt. Horeb, Wis., in Motor, April, 1908.

Miss Phelps will lecture in West Market Street Methodist church tonight, (Tuesday) at 7:30 o'clock and all are urged to hear this gifted speaker. The temperance question is still a very live one, and she will add new interest to it.

Philippine Legislature Convenes.

Manila, Oct. 17.—The Philippine legislature was convened today. In his message Governor General Forbes congratulated the government on the results of the Payne-Aldrich tariff bill and says that the finances of the Philippines are satisfactory. The fiscal year closes with a surplus in excess of $1,000,000. The governor-general recommends assistance to sugar planters by the erection of central depots for the housing and distribution of the product, the adoption of laws controlling labor, prohibiting involuntary slavery, providing pensions for civil servants and a modification of the penal statutes in accordance with the judgments of the Supreme court.

Chairman Eller Optomistic.

Democratic State Chairman A. H. Eller was here last night on his way back to headquarters at Raleigh after spending Saturday and Sunday at his home in Winston. He is confident of a big Democratic victory in November, he states. The Democrats are thoroughly aroused, he believes, and are going to poll close up to their full strength although this is what is known as an "off year" in politics. "It looks as if we've got them beat bad," he declared.

His Interference.

The twists and turns taken by faking horse dealers to get out of their bad bargains are proverbial. A little incident illustrative of the tribe took place recently at a stable on North Broad street, where an irresponsible settler had succeeded in palming off a defective horse on a too easy buyer. The new owner turned up with the horse a few days after the purchase and angrily exclaimed, "Didn't you say this horse was perfectly safe and wouldn't trouble anybody?" The dealer coolly asked, "What's the matter with the horse?" The dupe replied: "You know well enough. He interferes badly." With a curt "Well, he doesn't interfere with anybody but himself, does he?" the fake dealer brushed the matter aside, and the purchaser found himself without a remedy.—Philadelphia Record.

A Great Military Feat.

Nonza, in Corsica, is very proud of the story of a great military feat performed there long ago. It is told in "Romantic Corsica," by George Renwick.

The French in 1768 had subjugated all the northern cape with the exception of the tower of Nonza, which for a considerable time sustained a close siege. Attacking parties were driven back by a fierce fire, but at last the garrison agreed to surrender if allowed to march out with all the honors of war. This was conceded, and old Captain Cascella appeared, staggering under a load of muskets and pistols.

"Why is the garrison so long in coming out?" asked the French commander.

"It is here, sir," replied Cascella. "I am the garrison."

Glass Solvent.

Hydrofluoric acid is an acid compound of hydrogen and fluorine. It may be prepared by the action of sulphuric acid upon cryolite in an appropriate apparatus made of lead or platinum. It may thus be readily obtained in a liquid form and is colorless. Its vapors are exceedingly poisonous, and the liquid itself, even when mixed with more or less water, causes severe swellings on the skin. Great care must therefore be taken in working with this acid. Hydrofluoric acid dissolves glass, forming hydrofluosilicic acid with its silica; hence its use for making etchings on glass.—Exchange.

They Come Later.

The Young Wife (showing her furniture)—Here's the rocking chair for the parlor. Isn't it just lovely? Mrs. Oldley (rather critically)—But I don't see any rockers, dear. The Young Wife—Oh, they'll be here next month. You see, we are buying the chair on the installment plan, and we have paid for the rockers yet.—Chicago News.

THE DIFFERENCE

between a dollar saved and a dollar spent is just two dollars. Did it ever occur to you that way? It's worth thinking about.

Another difference is the feeling you have afterward. The dollar saved gives you a feeling of real pleasure—it may call for a little sacrifice for the time being, but afterward you feel better for having denied yourself and the dollar is still yours. That is the nice thing about having money in the bank—you have saved it—it is still yours—you can have it when you wish.

We make it a part of our business to urge you to have a bank account at this bank, for it not only helps our business but yours more so.

Your Freckles

Need Attention in October or Face Will Stay Covered.

October is the time to take special care of the complexion if you wish to look well the rest of the Fall and Winter. The Summer sun has brought out freckles that will stay the rest of the year unless removed now with Othine—double strength.

This prescription for the cure of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by Howard Gardner, under the guarantee to refund the money if it fails. Get an ounce of Othine—double strength, and even the first night's application will show a wonderful improvement, some of the smaller freckles even vanishing entirely.

ROOSEVELT FACE MAN'S FORTUNE

Italian Frame Maker, Who Has Met Mrs. Roosevelt, Thrives Because of Resemblance.

Florence, Italy, Oct. 17.—Every time that Col. Roosevelt breaks out into a new speech or gets more than half a column in the newspapers it brings business to a framemaker of this city.

The reason lies in the fact that the framemaker is a double of the former President, and American visitors have shown such interest in the man because of this that he has made a small fortune. He says, with truth, that "his face is his fortune."

The circumstances become doubly interesting when it is known that Mrs. Theodore Roosevelt has seen the framemaker. It came about when the mighty hunter was in Africa. Mrs. Roosevlt was visiting a sister who lives in Italy and had accidentally met the man. She told Mrs. Roosevelt and the latter paid a visit to the framemaker's shop. On her second call she revealed her identity to the shopkeeper, and he was so delighted that he sent her a handsome photograph frame with her picture in the middle, the Colonel's on one side and his on the other.

Capt. Bogardus Again Hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says:—"I suffered a long time with kidney and bladder trouble and used several medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Sold by Howard Gardner.

An Oversight.

To impress on young children just what should and should not be done and why is among the most trying problems of parents, as evidenced by the recent experience of a West Philadelphia mother. Last Sunday she asked her small son, aged eight, to carry a chair for her from the dining room to the parlor. He started off willingly, but in the hall he tripped and fell. Amid the crash could be heard the boy giving vent to utterances that would have done credit to a pirate of ancient days. The mother was taken by surprise and was greatly shocked. She gave the boy a long and serious talk on the subject of profanity. This apparently did not make the right impression, for when she concluded the boy added to her discomfiture by exclaiming, "I am sorry I swore, mamma, but I forgot it was Sunday."—Philadelphia Record.

Thackeray on Fame.

Thackeray's literary work did not help him much when he sought to enter the house of commons. The Rev. Frederick Meyrick in his "Memories of Oxford" tells of a dinner given when he stood as a Liberal for that city: "I remarked to him that his must be a special experience, as he was known by fame to most of those whose votes he canvassed. 'Now,' he said, laying down his knife and fork and holding up a finger, 'there was only one man among all that I went to see who had heard my name before, and he was a circulating librarian. Such is mortal fame.'" That was in 1857, ten years after the publication of "Vanity Fair."

New Family.

"Mamma," asked the little boy, "who are the Highwaters?"

"Highwaters?" answered the mother. "I don't know any such family. Why do you ask?"

"Well, I heard Mr. Perkins ask papa if he'd be over to the little game tonight, and papa said he'd be there in spite of Helen Highwater."—Chicago Post.

A Morning Call.

Swamson (bashfully)—Is Miss Tremmer in? Housemaid—She is, sir, but she is engaged. Swamson (who had settled things the evening before)—Yes, I know. I'm the young man.

A Specialist.

A compositor, on being remonstrated with for not having properly punctuated his work, replied, "I am a setter, not a pointer."

"It Beats All."

This is quoted from a letter of M. Stockwell, Hannibal, Mo. "I recently used Foley's Honey and Tar for the first time. To say I am pleased does not half express my feelings. It beats all the remedies I ever used. I contracted a bad cold and was threatened with pneumonia. The first dose gave great relief and one bottle completely cured me." Contains no opiates. Sold by Howard Gardner.

What Happened.

WHAT CURES ECZEMA?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription.

Because—We know that it gives instant relief to that torturing itch.

Because—D. D. D. starts the cure at the foundation of the trouble.

Because—It cleanses, soothes and heals the skin.

Because—It enables Nature to repair the ravages of the disease.

Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolutely reliable Eczema cure.

Drop into our store today, just to talk over your case with us.

PENCIL SAVED A MAN'S LIFE

Mr. Jos. D. Lambert Tells of Meeting With Bear in Northwest.

Baltimore Sun.

If it had not been for his particular pride in keeping his pencil sharpened Mr. Joseph D. Lambert, 1627 North Fulton avenue, would not now be the possessor of a real bear skin rug; neither would he have had a substitute for the story-making stuff provided by the railroad posters.

Mr. Lambert is a decorator by profession, and about two months ago he went to Hamilton, Mont., to do a little decorating at the home of Marcus Daly, a copper king. While there he met an old trapper of the Fenimore Cooper brand and learned that there were bears to hunt in the Bitter Root Mountains. So he sharpened his pencil, shouldered a gun for ornament and both set out.

In the mountain fastnesses the trapper got separated from Mr. Lambert, and not long afterward a bear strolled by the latter. Mr. Lambert fired the gun, the bear received a wound that irritated him and the next minute the match was Bitter Root bear vs. Lambert, with Bitter Root in possession of an advantageous half-nelson.

Just about the time Mr. Lambert was ready to go to the mat, shoulders down, the sharpened pencil got in its work, the bear puncturing its eye on the sharp point. That discouraged the bear and Mr. Lambert put an end to his wrestling career. The skin of the deceased was removed, and though it is a one-eyed rug, it decorates the parlor floor of the Lambert home.

Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles, 50c and $1.00. Trial bottle free at Fariss-Klutz Drug Co.

EIGHT HUSBANDS; NO DIVORCE

Woman Alleged to Have Made a Business of Marrying.

Chicago, Oct. 16.—Mrs. Alice Goodwin, said by the Chicago police to have eight husbands, was arrested at Medford, Oklahoma. She will be returned to Chicago to face trial on the charge of bigamy, made by J. F. Young, one of her alleged husbands.

Police Sergeant Jacob Kuebler, who made an investigation of Mrs. Goodwin's career, declares he has discovered the following four men who are married to her: J. Eckle, Dayton, Ohio; J. W. Graham, Toledo, Ohio; Hugh Hoskins, Conway Springs, Kan., and James E. Young, Chicago.

In addition to these, Sergeant Kuebler asserts he has found evidence of three or four other alleged bigamous marriages in which Mrs. Goodwin is charged with having been a principal in the last two years.

Young says he met Mrs. Goodwin at Toledo last spring while returning to Chicago from New York. He married her at Aurora, Ill., in June. She left Chicago late in August to visit friends at Alton, Iowa. Young says she married Hoskins at Wellington, Kan., shortly after this date.

Detectives followed Mrs. Goodwin from Wellington to Conway Springs, Kan., thence to Blackwell and Medford, Okla.

A Generous and Charitable Wish.

MANY LIVES ENDANGERED

Hurricane Raging In Cuba and Along Gulf Coast.

Havana, Cuba., Oct. 17.—The cyclone that struck the island yesterday is increasing. Its velocity is appalling. Beyond doubt it is more than the hurricane of 1906, which cost many lives and damage to the amount of millions of dollars.

The custom house warehouses are flooded and the roof of the main building has been blown away.

The national observatory reports that the disturbance is only beginning and will probably last for 20 hours.

It is rumored that a great number of sailors and longshoremen have been drowned in the harbor. It is probable the most fatalities and the greatest monetary damage has been done in Pinar Del Rio, where the destruction of Thursday and Friday has been added to greatly since last night, it is believed. The sugar cane crop is thought to have suffered severely.

Key West, Fla., Oct. 17.—A gale of forty-two miles an hour accompanied by a falling barometer and high tides this morning indicates that the West Indian hurricane which yesterday was loitering about the Gulf of Mexico has taken a sudden turn and is moving back in a northeasterly direction. High tides are reported all along the eastern gulf coast.

ARMY HEALTH SHOWS STEADY IMPROVEMENT

Non-Effective Rate Has Shown a Decrease Each Year For Several Years.

Washington, D. C., Oct. 17.—According to the annual report of Surgeon General Torney, the general health of the United States army has shown a steady improvement for several years. The non-effective rate, which is regarded as the true measure of the loss in efficiency from sickness and injury was 41.478 per 1,000 during the past fiscal year as compared with 42.68 for 1908; 46.17 for 1907 and 49.79 for 1906.

The total number of deaths from all causes during the past year was 370 of which 228 were due to disease and 142 to external causes. The admission rate for disease for 1909 was 86 5.92 per one thousand of mean strength, a constant improvement since 1899.

General Torney reports that the health of American troops in the Philippines continues to improve year by year.

Considerable progress has been made during the year in the campaign for the protection of the army against typhoid fever by means of vaccination.
